

Topcoat A5 Powder Gun

Advanced Automatic Powder Coating Gun

All of the advanced technology and functionality of the new Topcoat gun range has been packed into our compact Topcoat A5 automatic powder gun. Representing the very latest in advanced powder coating, the new Topcoat® A5 automatic powder gun offers uncompromising high performance and operational efficiency.

Its lightweight design utilizes the Topcoat principles to reduce energy consumption in machine, reciprocator or robot mounted applications.

NEW TOPCASE S5 CONTROLLER

- Touch screen with intuitive display
- Pre selectable standard programs.
- Functions program memory
- Universally compatible with Corona
- Patented Corona feedback system
- Diagnostic functions
- FM Approved

NEW TOPCOAT A5 POWDER GUN

- Advanced technology gives high quality finish with less back ionization.
- Compatible with all commercially available powders including metallic flakes
- Fast color change
- Extendable using tube & click system

Topcoat A5 Powder Gun

INNOVATION APPLIED

When combined with the Topcase S5 controller, the Topcoat A5 produces a class-leading electrostatic charge within the powder stream ensuring high transfer efficiency. Advanced microamp feedback technology within the gun and controller ensures a high quality finish with less back ionization.

Topcoat A5 is designed with a minimum number of replacement parts for ease of cleaning and simple maintenance, thus further reducing costs and ensuring reliability and long life. Extensions and accessories are available and the gun body can be extended using a tube and click system.

Take a test today and see why the exciting new Topcoat A5 Automatic Gun offers the best value and efficiency in today's powder coating market.
